BITUMINOUS MEMBRANE INSTALLATION MACHINE

# MINI-MACADEN®

INSTALL 4 TIMES MORE MEMBRANES PER HOUR!

MINI-MACADEN is a bituminous membrane installation machine developed by SOPREMA. Propelled and self-guided, it unrolls, welds, and smoothes base sheet and cap sheet membranes. Delivered in a robust transport case, it can apply up to 1,000 m<sup>2</sup> per day with a team of four workers, regardless of the outside temperature (> 0 °C) or wind conditions.

## ADVANTAGES

### FAST

- Installs thermofusible membranes in record time (4 times as many membranes per hour compared to manual installation).

### EFFICIENT

- Lays the base sheet and cap sheet membranes while minimizing the risk of defects.

### COST EFFECTIVE

- Requires up to 75% less propane than manual installation.

### FLEXIBLE

- Can be used on roofs, bridges, viaducts, and parking decks.

### SAFE

- CSA certified, it meets the highest safety standards.

# INNOVATION

## MINI-MACADEN: One of a Kind!

Protected by international patents, MINI-MACADEN is a Canadian innovation designed and assembled by SOPREMA.

As the only CSA-certified equipment of its kind, the MINI-MACADEN is a very safe machine because it reduces manual operations and limits the use of any flame.

## FEATURES

- **GAS SAVINGS**  
Heat is concentrated on the membrane, thus reducing losses.
- **AUTOMATIC GUIDANCE**  
Easy-to-use automatic mode for precise driving.
- **HOT AIR BURNER**  
Hot air outlet for a 900 °C (1,652 °F) thermal fusion.
- **EASY AND FAST INSTALLATION**  
Can install up to 1,000 m<sup>2</sup> per day with a team of four people.
- **SUPERIOR RELIABILITY**
  - Low maintenance
  - One-year warranty
- **COMPLIMENTARY TRAINING WITH PURCHASE**  
**Our experts will come to you.**

## INNOVATION SINCE 1908

---

SOPREMA has developed around the idea that the quality, durability and reliability of materials must match builders' ambitions and expectations. For more than 100 years, SOPREMA has been using its expertise to develop a variety of high-end products that meet or exceed all the requirements of the construction field.
