HAZARDS IDENTIFICATION Health injuries are not known or expected under normal use. Specific hazards: / 3. COMPOSITION / INFORMATION ON INGREDIENTS Component(s) contributing to the hazard: A. FIRST AID MEASURES General advice: General advice: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. Skin contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Treatment : Peut provoquer des brûlures. Lors de la mise		·
Fax: +33 (0)3 88 79 84 01 Emergency phone number (to be used by the practising doctor): UK - National Poisons Information Service Phone: 44 / 191 22 5131 EMERGENCY NUMBER : + 44 (0) 870 190 6777 2. HAZARDS IDENTIFICATION Most important hazards: Health injuries are not known or expected under normal use. Specific hazards: / 3. COMPOSITION / INFORMATION ON INGREDIENTS Component(s) contributing to the hazard: None according to EC directives. 4. FIRST AID MEASURES General advice: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. Skin contact: Health injuries are not known or expected under normal use. Eye contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Treatment : Peut provoquer des brûtures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Specific fire hazard(s): De ont use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate	Supplier.	14, rue de Saint Nazaire - BP 121 F-67025 Strasbourg CEDEX 1
by the practising doctor): EMERGENCY NUMBER : + 44 (0) 870 190 6777 2. HAZARDS IDENTIFICATION Most important hazards: Health injuries are not known or expected under normal use. Specific hazards: / 3. COMPOSITION / INFORMATION ON INGREDIENTS Component(s) contributing to the hazard: None according to EC directives. 4. FIRST AID MEASURES General advice: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. Skin contact: Health injuries are not known or expected under normal use. Eye contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Treatment : Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media: Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Extinguishing media: Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.		
Most important hazards: Health injuries are not known or expected under normal use. Specific hazards: / 3. COMPOSITION / INFORMATION ON INGREDIENTS Component(s) contributing to the hazard: None according to EC directives. 4. FIRST AID MEASURES General advice: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. Skin contact: Health injuries are not known or expected under normal use. Eye contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Treatment : Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media: Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.		
Specific hazards: / 3. COMPOSITION / INFORMATION ON INGREDIENTS Component(s) contributing to the hazard: None according to EC directives. 4. FIRST AID MEASURES General advice: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. Skin contact: Health injuries are not known or expected under normal use. Eye contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Treatment : Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Suitable extinguishing media: Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	2. HAZARDS IDENTIFICATION	
3. COMPOSITION / INFORMATION ON INGREDIENTS Component(s) contributing to the hazard: None according to EC directives. 4. FIRST AID MEASURES In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. Skin contact: Health injuries are not known or expected under normal use. Eye contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Ireatment : Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media: Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Extinguishing media which must NOT be used for safety reasons: Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	Most important hazards:	Health injuries are not known or expected under normal use.
Component(s) contributing to the hazard:None according to EC directives.A. FIRST AID MEASURES General advice:In all cases of doubt, or when symptoms persist, seek medical attention.Inhalation:Health injuries are not known or expected under normal use.Skin contact:Health injuries are not known or expected under normal use.Eye contact:Health injuries are not known or expected under normal use.Ingestion:Health injuries are not known or expected under normal use.Treatment :Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane.Suitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideExtinguishing media which must NOT be used for safety reasons:De composition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.	Specific hazards:	/
A. FIRST AID MEASURES General advice: In all cases of doubt, or when symptoms persist, seek medical attention. Inhalation: Health injuries are not known or expected under normal use. FIRE-FIGHTING MEASURES powder, alcohol-resistant foam, water spray, carbon dioxide Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Do not use a solid water stream as it may scatter and spread fire. Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	3. COMPOSITION / INFORMATI	ON ON INGREDIENTS
General advice:In all cases of doubt, or when symptoms persist, seek medical attention.Inhalation:Health injuries are not known or expected under normal use.Skin contact:Health injuries are not known or expected under normal use.Eye contact:Health injuries are not known or expected under normal use.Ingestion:Health injuries are not known or expected under normal use.Ingestion:Health injuries are not known or expected under normal use.Treatment :Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane.Suitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideExtinguishing media which must NOT be used for safety reasons:Do not use a solid water stream as it may scatter and spread fire.Specific fire hazard(s):Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.		None according to EC directives.
Inhalation:Health injuries are not known or expected under normal use.Skin contact:Health injuries are not known or expected under normal use.Eye contact:Health injuries are not known or expected under normal use.Ingestion:Health injuries are not known or expected under normal use.Ingestion:Health injuries are not known or expected under normal use.Treatment :Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideExtinguishing media which must NOT be used for safety reasons:Do not use a solid water stream as it may scatter and spread fire.Specific fire hazard(s):Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus and also a protective suit.	4. FIRST AID MEASURES	
Skin contact: Health injuries are not known or expected under normal use. Eye contact: Health injuries are not known or expected under normal use. Ingestion: Health injuries are not known or expected under normal use. Treatment : Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES suitable extinguishing media: Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Do not use a solid water stream as it may scatter and spread fire. Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	General advice:	In all cases of doubt, or when symptoms persist, seek medical attention.
Eye contact:Health injuries are not known or expected under normal use.Ingestion:Health injuries are not known or expected under normal use.Treatment :Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideExtinguishing media which must NOT be used for safety reasons:Do not use a solid water stream as it may scatter and spread fire.Specific fire hazard(s):Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.	Inhalation:	Health injuries are not known or expected under normal use.
Ingestion:Health injuries are not known or expected under normal use.Treatment :Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideDo not use a solid water stream as it may scatter and spread fire.Do not use a solid water stream as it may scatter and spread fire.Specific fire hazard(s):Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.	Skin contact:	Health injuries are not known or expected under normal use.
Treatment :Peut provoquer des brûlures. Lors de la mise en ouevre du fait de l'échauffement de la membrane.5. FIRE-FIGHTING MEASURESpowder, alcohol-resistant foam, water spray, carbon dioxideSuitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideExtinguishing media which must NOT be used for safety reasons:Do not use a solid water stream as it may scatter and spread fire.Specific fire hazard(s):Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.	Eye contact:	Health injuries are not known or expected under normal use.
5. FIRE-FIGHTING MEASURES Suitable extinguishing media: powder, alcohol-resistant foam, water spray, carbon dioxide Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	Ingestion:	Health injuries are not known or expected under normal use.
Suitable extinguishing media:powder, alcohol-resistant foam, water spray, carbon dioxideExtinguishing media which must NOT be used for safety reasons:Do not use a solid water stream as it may scatter and spread fire.Specific fire hazard(s):Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.	Treatment :	
Extinguishing media which must NOT be used for safety reasons: Do not use a solid water stream as it may scatter and spread fire. Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	5. FIRE-FIGHTING MEASURES	
be used for safety reasons: Specific fire hazard(s): Decomposition products may be a hazard to health. Appropriate self-contained breathing apparatus may be required. Special protective equipment for fire- Use a self-contained breathing apparatus and also a protective suit.	Suitable extinguishing media:	powder, alcohol-resistant foam, water spray, carbon dioxide
apparatus may be required.Special protective equipment for fire-Use a self-contained breathing apparatus and also a protective suit.		Do not use a solid water stream as it may scatter and spread fire.
	Specific fire hazard(s):	
		Use a self-contained breathing apparatus and also a protective suit.
	Personal precaution(s):	Not applicable.

Personal precaution(s): Not applicable. TPO Membrane => solide Environmental precaution(s): Not applicable. TPO Membrane => solide Method(s) for cleaning up: /

7. HANDLING AND STORAGE

Handling:

Version: 91a

- Precaution(s):	Observer les réglementations de la protection du travail.
- Technical condition(s):	Article R 231-72 du Code du travail dispose que les travailleurs ne peuvent êtres admis à porter des charges supérieures à 55 kg.

SAFETY DATA SHEET

FLAG - MEMBRANE TPO

Version: 91a	Review date: 16/04/2010	91/155/EC (2001/58/EC) - ISO 11014-1
- Safe handling advice(s):	Formation du personnel utilisateur aux gestes et levage.	postures. Utilisation d'appareils annexes de
Storage:		
- Precaution(s):	Keep away from open flames, hot surfaces and s	ources of ignition.
- Storage condition(s):	Keep away from heat.	
- Packaging / tank material:	made of the same material as the supply contained	er.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameter(s):

- Exposure limit(s):	Not applicable.
Personal protection equipment:	
- Respiratory protection:	Eviter l'inhalation des fumées lors des opérations de soudure

- Hand protection:	Lors de la mise en oeuvre : heat-insulating gloves
- Skin and body protection:	protective clothing
- Eye protection:	/

9. PHYSICAL AND CHEMICAL PROPERTIES

General information:

- Appearance:	solid
- Colour:	according to choice
- Odour:	/
Important health, safety and environmental information:	
- PH:	Not applicable.
- Boiling point/range:	Not applicable.
- Flash point:	Not applicable.
- Explosion limits:	/
- Relative density (water = 1):	1,2 g/cm3
- Viscosity:	Not applicable.
- Water solubility:	/
- Fat solubility:	/
- Solvent solubility:	/
10. STABILITY AND REACTIV	ITY

10. STABILITY AND REACTIVITY

Stability:	Stable in use and storage conditions as recommended in item 7.	
Hazardous decomposition products:	In a fire, hazardous decomposition products such as smoke, carbon monoxide. carbon dioxide and oxides of nitrogen may be produced.	
11. TOXICOLOGICAL INFORMATION		
General information(s):	There is no data available on the product itself.	
Acute toxicity:		
- Inhalation:	None under normal use.	
- Skin contact:	None under normal use.	

onthi oontaot.	
- Eyes contact:	None under normal use.
- Ingestion:	None under normal use.

12. ECOLOGICAL INFORMATION

General information(s):

Ecological problems are not known or expected under normal use.

SAFETY DATA SHEET

FLAG - MEMBRANE TPO Version: 91a Review date: 16/04/2010 91/155/EC (2001/58/EC) - ISO 11014-1 Other adverse effects: 13. DISPOSAL CONSIDERATIONS Waste / unused products: If recycling is not possible, eliminate in accordance with local valid waste disposal regulations. Contaminated packaging: Offer packaging material to local recycling facilities. Further Information(s): 14. TRANSPORT INFORMATION General information(s): Not classified as dangerous in the meaning of transport regulations. UN number: Land (Road / Railway: ADR/RID): Sea (IMDG): Air (ICAO/IATA): **15. REGULATORY INFORMATION** Labelling: The product does not need to be labelled in accordance with EC directives on classification, packaging and labelling of dangerous substances EC number: Not applicable. Symbol(s): None according to EC directives. R-phrase(s): None according to EC directives. S-phrase(s): None according to EC directives. **16. OTHER INFORMATION** Important remarks: Information in this safety data sheet is based on actual knowledge in our possession and our experience. It is recommended to pass the information of this safety data sheet, eventually in an appropriated form, to the users. No liability will be accepted (except as otherwise provided by law) arising out of the use of information supplied in this data sheet. Use of the substance / preparation:
