

ALSAN FOAM CL-F

FOAM CLEANER
ACETONE

Specifications	ALSAN FOAM CL-F
Format	500 ml
Gross weight	465 g (14.5 oz)
Product code	24723
Quantity per box	12
Quantity per pallet	960
Physical state	Liquid
Chemical base	Solvent-based
Colour	Clear

FEATURES AND BENEFITS

- Ready to use.
- Dissolve uncured or fresh polyurethane foam.
- Can be used directly on an application gun or as an aerosol with the spray nozzle.

RECOMMENDED USES

- Use only in a well-ventilated area.
- Multipurpose cleaning product, formulated to clean foam guns, tools, and work surfaces.

(supersedes 200701SCANE)

TECHNICAL DATA SHEET 260408SCANE

APPLICATION

Shake the can containing ALSAN FOAM CL-F well before use. For general cleaning purposes, insert the black spray activator onto the valve stem of the can. Press the black activator to spray ALSAN FOAM CL-F to the surface to be cleaned.

For foam gun unit cleaning: clean the gun adapter valve area using the general cleaning method written above to remove any fresh foam. Screw the can tightly onto the gun adaptor and press the trigger to flush ALSAN FOAM CL-F through the gun adapter for at least **5 seconds**, ensuring it is thoroughly cleaned. For a multiple can-foam project it is not necessary to flush the dispensing unit after every can; if switching to a new can of foam, always replace the empty product container immediately.

Read manufacturer's gun instructions for a perfect usage of the application tool.

LIMITATIONS

- Hardened foam can only be mechanically removed.
- ALSAN FOAM CL-F contains active ingredients that can dissolve and soften plastics, paints, coatings, inks, labels, textiles, etc.
- It is advisable to check the compatibility before cleaning.

STORAGE AND HANDLING

ALSAN FOAM CL-F cartridges can be stored for 24 months from the date of manufacture if left in their original, unopened packaging. Store the cartridges upright in dry conditions, out of direct sunlight, and at temperatures between 5 and 25 °C (41 and 77 °F).

FOR MORE INFORMATION AND ADVICE ON THE SAFE HANDLING, STORAGE AND DISPOSAL OF THE CHEMICAL PRODUCTS, USERS SHALL REFER TO THE MOST RECENT SAFETY DATA SHEET (SDS) CONTAINING PHYSICAL, ECOLOGICAL, TOXICOLOGICAL AND OTHER SAFETY-RELATED DATA.
